Scholarship Awards Program 2024– 2025

Dear Students and Teachers of German:

We are pleased to announce the opening of the application process of the German Society's Scholarship Program for the upcoming academic year. The scholarship award is intended to provide financial assistance to selected undergraduate students studying German language and literature. Awards are based primarily on the student's achievement and promise, although financial need may also be considered. Typical awards in recent years have been \$2,000 to \$5,000, with the dollar amount and number of recipients varying from year to year. The awards may be applied only to tuition, are paid in two installments at the beginnings of the fall and spring semesters, and are transmitted directly to the recipient's college or university upon certification of enrollment by that institution. Students are expected to enroll in at least one German course during each semester for which they receive support.

Applicants must meet the following requirements:

- Resident of the Greater Delaware Valley (see attached sheet)
- Senior in high school intending to major or minor in German at college, or a German major or minor at one of the colleges or universities listed on the attached sheet. Double majors are also eligible.

Schedule:

- March 11 – Applications due at the German Society
- March 21 – Notification of finalists
- April 6 – Interviews of finalists at the German Society's building in Philadelphia
- April 9 – Notification of recipients
- April 21 – Announcement of the scholarship recipients at the AATG Awards Program

The required application materials include:

- Completed application form
- German writing sample, up to one typewritten page in length
- Transcript including the most recent semester (College freshmen should submit both high school and college transcripts. A student who has transferred to his/her current college should also submit transcripts from prior colleges.) The origins of any transfer credits should be noted.
- Two letters of reference, preferably on school letterhead stationery if from a teacher

The application and essay are to be submitted electronically as file attachments by the student to the German Society. Transcripts and reference letters should be mailed, emailed, or FAXed directly to the German Society by the school or the writer of the letter. At least one reference letter must be from a recent German teacher of the applicant.

The application and essay must be received by 5:00 p.m. on March 11, 2024. Transcripts and reference letters must be either FAXed or postmarked by the same date. Incomplete applications will not be considered. We strongly recommend that applicants confirm the receipt of their materials by calling or E-mailing the Society's office several days before the due date.

The interviews are conducted largely, but not entirely, in German.

Although both majors and minors will be considered, students having German as their major subject will be given preference.

Please direct further questions to the German Society. We thank you for your interest in and commitment to the German language and culture and wish you the best for your school year.

Sincerely,
The Scholarship Awards Committee
German Society of Pennsylvania
